

FREE transfer of keepership for breeders

A simple guide

The introduction of the compulsory microchipping law in April 2016 has meant that puppies have to be microchipped by 8 weeks of age and the breeder has to be recorded as the first keeper. **With BackHome microchips breeders can transfer the keepership of each puppy FREE OF CHARGE.**

Shaping the future
of animal health

Virbac

To transfer the keepership of your puppies, simply...

1. Login to your PETtrac account

Visit **www.backhome.pettrac.co.uk** and login to your account **OR, if you don't already have an account**, select 'Sign up for an account' to register – remember to select 'Breeder' under 'Please choose a category'. PETtrac will then contact you to confirm and activate your account.

2. Select the pet

Select the individual pet record displayed from the list on the dashboard that you wish to transfer.

3. Transfer the pet

Enter the new keeper's details, click 'update' and you're done! Registration details will be confirmed to the new keeper of the pet.

If the microchips are not showing on the dashboard please contact the PETtrac support team Monday-Friday 9am – 5.30pm on **01273 408721**
